St. Johns, Thursday, June 29.

LOCAL NEWS.

Serafin Apodaca was elected one of the school trustees for the St. Johns district last Saturday without opposition.

Sol Barth and family came in from Jaralosa last Friday, to visit old friends. They returned home on Tuesday.

Any person or number of persons having 500 head of good yearling steers for sale, at a reasonable figure, can find a purchaser by addressing J. W. Owens, Chadron, Dawes county, Nebraska.

Henry Banta, an old time resident of our town, returned the latter part of last week. He will conduct his brother's business during his absence.

For plain speaking in unequivocal language, Frank Watron of Holbrook takes the cake. He says what he thinks, and means what he says.

Mrs. St. George Creaghe, Miss Annie and Master Jack, her daughter and son, came down from Springerville last Friday and were guests of Mrs. J. L. Hubble for two or three days.

Saturday last, the 24th of June, was observed by the adherents of the Catholic church of this place, with the usual ceremony, winding up at night with a grand ball.

Mrs. Bessie Frank, Mrs. Grace O'Neil, and Master Roy Frank, got in last Sunday night from Navajo. Mrs. Frank had been visiting her sister, Mrs. O'Neil, at El Paso, where her son joined her and came on home to spend his vacation.

A. J. Conley, better known as "Jack," returned last Saturday from an extended trip to the western part of the county. While in that section he ran up to Apache to see some of his old friends among the Indians.

Says the Albuquerque Citizen: The Atlantic and Pacific railroad company have completed a large well at Winslow which will afford an ample supply of water for their use at that place. The well is 21 feet in diameter and 30 feet deep, and the flow of water is several thousand gallons per hour.

Ernest Tee, Esq., was down from the Cienega last Saturday. Says he was gathering steers for two or three days in the White mountains in the midst of the fire which has been ranging there for two or three weeks, and that thousands and thousands of dollars worth of timber had been destroyed and the end was not yet.

A close examination of the assessment roll of this county reveals some strange facts. It has been conceded that Mexican sheep were not heavy wool producers. Three and four pounds to the fleece being regarded as up to, if not over the average. But, comparing the number of sheep as returned by some of our sheep raisers with the amount of wool sold, and their flocks will shear ten pounds to the fleece twice a year. The valuation on sheep ought to be reversed. Instead of improved sheep being \$2 and Mexican \$1.50 per head, it should be just the opposite.

The good people of Winslow decided by a large majority to issue bonds to the amount of \$7,500 for the purpose of erecting and furnishing a school building suitable to their needs. THE HERALD felt satisfied from the first as to the result of the election. The residents of that town are too progressive to vote down a proposition so essential to its advancement.

Bill Nye once said in a lecture: A man may use a wart on the back of his neck for a collar button; ride on the back coach of a railroad train to save interest on his money until the conductor comes around; stop his watch nights to save the wear and tear; leave his "i" or "u" without a dot or cross to save ink; pasture his mother's grave to save corn; but a man of this kind is a gentleman and a scholar compared to a fellow who will take a newspaper two or three years, and when asked to pay for it, puts it in the office and has it marked "refused."

Here is a good opportunity to travel cheap for a few days. The general Passenger Agent of the Atlantic and Pacific, has issued a circular to agents to the effect that round-trip excursion tickets may be sold between all stations on that line at the rate of one fare for the round trip. Such tickets are to be sold only on July 2, 3 and 4, with return limit July 6.

It is stated that the Senatorial Committee appointed to visit Arizona to investigate her resources, population, wealth, citizenship and other qualifications for statehood, will certainly be in the territory somewhere from the 1st to the 15th of August. That Apache county may not be behind in this matter, and that the qualifications of her citizens may be placed before the visiting committee in its proper light, would it not be well for some of our leading citizens, without regard to politics, creed or nationality, to call a meeting and formulate some method or plan of co-operation with the other counties in this important matter. The columns of THE HERALD are open for suggestions, and we remind the friends of statehood that the time for action is limited. What is done must be done quickly.

Hon. A. F. Banta left last Friday afternoon for the railroad without acquainting any one as to his destination, or the duration of his absence, or of his purpose in going. It is hinted, however, in hushed whispers, that his route lay west from Navajo as far as the City of the Angels, where he would sojourn for a short time. From there he would probably visit Chicago and spend a month viewing the wonderful things to be seen at the World's Fair, and return by his old home in Missouri. Dame rumor says more, but we do not wish to be held responsible for her utterances, nor do we vouch for her accuracy. She has it, however, that when Mr. Banta returns he will be accompanied by a better half. If this be true THE HERALD extends congratulations in advance, and hopes that their lives for the future may be one continual round of happiness and pleasure.

The following from an exchange hits so many half-grown youths in St. Johns that we copy for them and their parents' benefit: There are more young men in the penitentiaries in this country, learning trades, than there is outside of them. The principal cause of this is that parents are educating their sons for idle gentlemen, trying to make lawyers, preachers, doctors and clerks out of material that is needed for blacksmiths, carpenters, mechanics and other honest "hewers of wood and drawers of water." It is a mistake, and a big one, to teach boys and girls that labor is disgraceful, and that to do nothing for a living is more honorable than honest toil. The educational part of the above does not apply to the coming men of St. Johns and vicinity. About the only education they are receiving is picked up around saloons and gaming tables, and that leads to petty larceny, if not throat-cutting.

Reports from all parts of Maryland indicate that the peach crop in that State will be unusually large this year.

Beware of Ointments for Catarrh that Contain Mercury.
As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescription from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists, price 75c per bottle.

The settlers at Tuba City and Moencopie are having their annual trouble with the Moqui and Navajo Indians over the water question. The supply of water is shorter than usual in that section, and both the Indian and white man want it all, while there is scarcely enough for either.—Coconino Sun.

On Saturday night about 8 o'clock many citizens saw a meteor or shooting star that was as large as two fists, and in its descent left a trail of electrical brightness of 200 yards. It was a magnificent sight and lighted up the sky to such a brilliancy that at the time a paper could easily have been read. It lasted about one minute and from appearances fell in the neighborhood of Charleston.—Prospector.

The Illinois Legislature

Looking after the alum and ammonia baking powders. A bill for an act, entitled "An Act to Regulate the Traffic in Baking Powder," has been introduced in the Legislature at Springfield, by Mr. Nohe. The bill is intended to prevent the adulterations of baking powders with ammonia or alum, imposing proper penalties to enforce the law, etc. This shows an earnest desire on the part of our representatives to protect their constituents.

The Chicago Tribune, referring to the question of legislation on alum and ammonia baking powders, says: "It deals in a direct manner with an evil that must be cut down."

"Following is a partial list of the names of the brands sold in this state that have been examined and found to contain either ammonia or alum. Many of the alum or ammonia powders are labeled and advertised as absolutely pure to mislead the public.
"Calumet," "Grant's Bon Bon," "Hotel," "Taylor's One Spoon," "Chicago Yeast," "Climax," "Monarch," "Mokaska," "Manhattan," "K. C.," "Loyal," "Forest City."

In addition to the above list there is a multitude of brands sold with a prize. It is safe to reject all baking powders sold with a prize, as the tests show they are composed largely of alum and cost but a few cents per pound. Also refuse any baking powder sold at twenty-five cents a pound, or less; it is sure to contain alum.

Surely nothing but their cheapness could induce the public to experiment with these impure powders at the risk of health. Aside from the question of health or the wholesomeness of these condemned powders, and viewed from the standpoint of economy alone, a pure grape cream of tartar baking powder like "Dr. Price's," from its greater known strength and unquestionable purity, will prove more economical to the user in every way.—Chicago Inter-Ocean.

Water in the Gila river is again getting scarce and the supply in some of the lower ditches in the valley has begun to diminish, but as yet none of the growing crops have suffered.—Graham County Bulletin.

Unless the water supply at Fort Bowie is soon increased it will probably become necessary to temporarily remove the troops from the post to a point where water is more abundant.—Solomonville Bulletin.

It is sad, but true, that the late parson governor of Indiana, who preached every Sunday while he was in office, is now in danger of getting landed in the penitentiary. He has been indicted for complicity in the Zimri Dwiggin bank swindle. Alb. Democrat.

Completely Uprooted.
How many remedies there are which merely relieve without uprooting disease. The contrast with sterling medicines which such palliatives afford, not only enhances the dignity of the former, but serves to emphasize the folly of employing half-way measures when thorough ones are available. A marked instance of this is the effect, on the one hand, of Hostetter's Stomach Bitters in cases of chills and fever and bilious remittent, and on the other of ordinary remedies in maladies of this type. By the Bitters, malarial complaint in every stage, and of the most malignant type, are completely conquered and lose their hold upon the system. They are rarely, if ever, dislodged by the ordinary resources of medicine, although their symptoms may unquestionably be mitigated through such means. The same holds good of indigestion, biliousness, kidney complaint, rheumatism, nervousness and debility. By the Bitters they are cured when many remedies fail.

Jack A. Mellon, captain of the Gila, a steamboat on the Colorado river, accidentally shot Edward Hadden on board a train at San Bernardino, Cal., while changing his revolver from his valise to his pocket. Hadden's wounds are considered fatal.—Prescott Courier.

A party started last week to look for Conrad Davis, reported lost on the desert west of Ehrenberg. Baker, Davis' partner came back here and went with the party.—Yuma Times.

There will be so much fruit in this valley this season that several evaporators will be called into requisition.—Solomonville Bulletin.

It is reported that the "screw worm" has put in an appearance on the range and that a number of animals are affected by them.—Prospector.

The National Commissioner of the World's Fair is wrestling with the music question. Evidence of bribery are cropping out.

NOTICE.

Notice is hereby given that the assessment roll for the County of Apache, for the year 1893, is now on file in my office and open for inspection, and that the Board of Equalization will meet Saturday, July 1st, 1893.
CHAS. JARNIS,
Clerk of Board.
St. Johns, June 20, 1893.

Concho Saloon.

Leandro Ortega, Proprietor.

Will keep constantly on hand the very best of
Wines & Liquors,
ALSO THE CHOICEST
Brands of Cigars.

It is his intention to keep a quiet, orderly house and to extend courteous treatment to his customers. jels 1y

The Atlantic and Pacific Railroad

THE GREAT MIDDLE ROUTE
ACROSS THE AMERICAN CONTINENT

In connection with the Railways of the Santa Fe Route.

EXCELLENT ACCOMMODATIONS.
LIBERAL MANAGEMENT.

SUPERIOR FACILITIES.
PICTURESQUE SCENERY.

The Grand Canon of the Colorado, the most sublime of Nature's work on the earth, indescribable, can easily be reached via Flagstaff, Williams or Peach Springs on this road. To the Natural Bridge of Arizona and Montezuma's Well you can journey most directly by this line. Observe the Ancient Indian Civilization of Laguna, or of Acoma, "The City of the Sky." Visit the Petrified Forest near Carizso. See and marvel at the freak of Canon Diablo. Take a hunting trip in the magnificent pine forests of the San Francisco Mountains. Find the ruins of the prehistoric Cave and Cliff Dwellers. View the longest Cantilever Bridge in America across the Colorado River.

C. V. PEERY.

Notice to Property Holders.

Page 465, Par. 2641, Sec. 15, Revised Statutes of 1887. It shall be the duty of every person owning or having charge of property in this Territory subject to taxation, and as in this Act provided, to make out and deliver to the Assessor, between the first Monday in March and the first Monday in June in each year, a correct list of the same as required by law, whether he shall receive from the Assessor a notice or demand to do so or not; and every assessment made against property subject to taxation shall be valid, whether such notice or demand was received or not.

The list shall contain: 1st. Land by section, township and range; Town lots by town, lot and block. 2d. Improvements on all said lands and town lots. 3d. All personal property of every kind and description held by him or under his charge or control. Said list shall be signed by the said person and sworn to by the person making it.

The attention of all property owners is respectfully called to the above.

W. R. CAMPBELL,
Assessor, Apache Co.

Probate Notice.

In the Probate Court of the County of Apache Territory of Arizona.

In the matter of the estate of Samuel G. Ladd, deceased.

Notice for publication of time appointed for proving will.

Pursuant to an order of said Probate Court made on the 9th day of June, 1893, notice is hereby given that Wednesday, the 5th day of July, 1893, at 10 o'clock a. m. of said day, at the Court Room of said Court, at the Court House in St. Johns, in the said County of Apache, has been appointed as the time and place for proving the will of said Samuel G. Ladd, deceased, and for hearing the application of J. C. Hansen for the issuance to him of letters of administration, when and where any person interested may appear and contest the same.

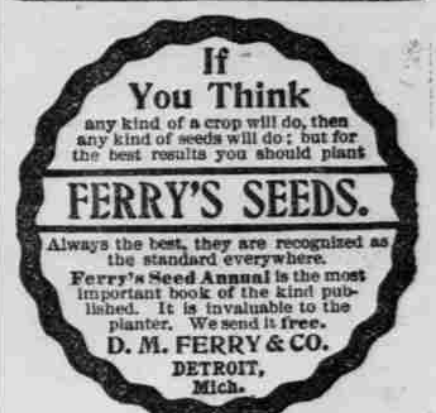

Dated at St. Johns, Apache County, Arizona, June 9th, 1893.
